Leadership Humaniste® is a Movement and an ACADEMY that gather, inspire and form this new generation of Leaders which world and organizations critically need: Humanist transformation leaders, women and men. It is a path of incarnation at the heart and in greatness of who you really are.

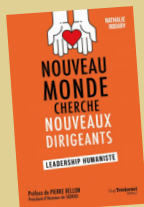

- During this workshop, we will guide you through experiencing this paradigm shift that will empower your future and the future of your business.
- You will both have the opportunity to understand your Life Mission and the Reason for Being of your company.
- You also will have the opportunity to assess where you are in the process and to understand how you can be this new leader for a more conscious way of operating your business.

THIS WORKSHOP IS FOR YOU IF

- You are at the helm of a team, organization, foundation, company... where the impact is high.
- Executives, entrepreneurs, transformation leaders, innovators.
- If the words 'consciousness', 'leadership', 'humanist', 'transformation'... resonate with you.
- You want to be reassured in your ambition and are looking for an enlightening path to deploy it.

YOU WILL LEAVE WITH

- A very clear vision of this shift and how to experiment it on a grand scale.
- A map of « how to situate you » in this process.
